

Product Name :
Hydraulic Extruder

Product Code :
TEST5009RFQLAB-0001

Description :

Hydraulic Extruder for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Suitable to extract samples from compaction moulds and C.B.R. moulds. It consist of a frame, and a 50 kN hydraulic jack having plungers of 100 mm dia and 150 mm dia complete with thrust plates.

We are a leading manufacturers of Hydraulic Extruder testing equipment for a range of industries, including materials science testing lab. We offer full range of Hydraulic Extruder testing equipment, including Hydraulic Extruder testing kit, Hydraulic Extruder testing machine, Hydraulic Extruder testing tools, Hydraulic Extruder test equipment, Hydraulic Extruder test machines, Hydraulic Extruder testing Instruments. We are suppliers of materials testing tools equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Hydraulic Extruder testing equipment that helps customers build better, safer, and more sustainable infrastructure.
