

Product Name :
Marshall Compactor

Product Code :
TEST5116RFQLAB-0001

Description :

Marshall Compactor for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Marshall compactor provides a stable and rigid mechanism to be used for preparation of bituminous specimens (101.6x63.5mm) for physico-mechanical properties testing.

Hammer head size: 98.5mm

Hammer drop: 457.2mm

Specimen size: 101.6mm

Stroke frequency: 60 stroke times per minute

Power: 220V±10%

We are a leading manufacturers of Marshall Compactor testing equipment for a range of industries, including materials science testing lab. We offer full range of Marshall Compactor testing equipment, including Marshall Compactor testing kit, Marshall Compactor testing machine, Marshall Compactor testing tools, Marshall Compactor test equipment, Marshall Compactor test machines, Marshall Compactor for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Marshall Compactor testing equipment that helps customers build better, safer, and more sustainable infrastructure.
