

Product Name :
Motorized Flow Table for Cement Mortar

Product Code :
TEST5148RFQLAB-0001

Description :

Motorized Flow Table for Cement Mortar for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Flow table is designed for determining flow and for preparing mortars of standard consistency for testing.

The flow and workability of cement mortar depend on the water amount.

The flow is determined as the average diameter (mm) of the cement mortar spread on the flow table.

Weight of vibrating part: 4.35kg±0.15kg

Drop height: 10mm±0.2mm

Vibrating frequency: 1Hz

Working cycle: 25

We are a leading manufacturers of Motorized Flow Table for Cement Mortar testing equipment for a range of industries, including materials science testing lab. We offer full range of Motorized Flow Table for Cement Mortar testing equipment, including Motorized Flow Table for Cement Mortar testing kit, Motorized Flow Table for Cement Mortar testing machine, Motorized Flow Table for Cement Mortar testing tools, Motorized Flow Table for Cement Mortar test equipment, Motorized Flow Table for Cement Mortar test machines, Motorized Flow Table for Cement Mortar for Lab Testing Instruments. We are suppliers of materials testing tools and equipment for the construction industry. Our mission is to provide reliable, accurate, and easy-to-use Motorized Flow Table for Cement Mortar testing equipment that helps customers build better, safer, and more sustainable infrastructure.
