

Product Name :
Digital Viscometer

Product Code :
TEST5178RFQLAB-0002

Description :

Digital Viscometer for Testing Lab Equipment Tender Suppliers India

Technical Specification :

Type AMVn Automated Micro viscometer
 Viscosity range 0.3 to 2 500 mPa.s (20 000 mPa.s1)
 Repeatability: Reproducibility: Time measuring range 0 to 250 s (1 000 s1)
 Resolution: 0.001s
 Accuracy: Temperature range +10 to 100 °C
 Resolution: 0.01 °C
 Accuracy: Power 85 to 264 V AC, 50 60 Hz, 75 VA,
 Dimensions (W x H x D) 270 x 340 x 310 mm
 Weight 12 kg
 Required sample volume 0.15 mL , 2.5 mL, Handheld or mounted, for 0.03ml to 1.8litre sample, versatile, speed (5,000 to 30,000 rpm), motor 125W, electric supply (220/230V, 50-60Hz).
 With reusable dispersing tools (foam reducing design) all diameters.
