

Product Name :
Cast Iron Cylinder Mould

Product Code :
TEST5180RFQLAB-0007

Description :

Cast Iron Cylinder Mould

Technical Specification :

Cast Iron Cylinder Mould
Internal radius and height: 150x300 mm
Material: cast iron
Thickness: 15-20 mm
Weight: 10 kg
Accuracy: ± 0.02 mm
Corrosion Resistance: Yes
Shape: Circle
Usage/ Application: Laboratory
Surface Finishing: Color Coated
Urimeulding design: two C shaped part design
