

**Product Name :**  
Jigsaw

**Product Code :**  
TEST5185RFQLAB-0001

**Description :**

Jigsaw for Testing Lab Equipment Tender Suppliers India

**Technical Specification :**

**Jigsaw**

The robust speed jigsaw has been designed for consistent performance. It is highly reliable for long term operation. This engineering tool features a variable speed dial for precision- defined results.

**Variable Speed Dial**

This engineering tool has been skilfully developed, along with a variable speed dial. It provides multiple speed setting for optimal cutting result, i.e., 500-3000/min

**Dust Extraction Port**

This jig saw has been masterfully crafted with a dust extraction outlet as well. This particular design keeps the cutting line free of saw dust and it can also be connected to a dust bag.

**Built to Perform**

This equipment is a perfect match for heavy duty performance. It has a high operational capacity of 65 mm for wood and 6 mm for steel respectively..

Voltage: 220V

Frequency: 50Hz

Variable Speed

Strokes/min: 500-3100spm

Stroke length: 1 inch

Dust blower: Yes

Bevel cut angle: 00,150,300,450

---

Keyless blade clamp: Yes  
Brushless  
Case: Yes.
